EXPERIENCE PORTFOLIO

MUHAMMAD RUSYDEE IZZAT BIN FAISAL

EV RETAIL & COMMERCIAL OPERATIONS

Malaysia | +6019-7229731 | rusydeeizzat@gmail.com | linkedin.com/in/rusydee-izzat-454341166

10+
years in sales, service and technology

3
years at Tesla Malaysia

24-28
orders per month on average at Tesla

60-100
calls handled daily in customer service

PROFESSIONAL PROFILE

EV retail and technology sales professional with 10+ years of experience across sales, customer experience, retail operations and quality assurance, including three years at Tesla Malaysia. Strong in CRM discipline, customer journey management, cross-functional coordination and coaching colleagues. Bilingual in Bahasa Melayu and English.

WHAT I BRING

Customer journey ownership
From first enquiry through demonstration, order, follow-up and delivery.

Cross-functional coordination
Resolving customer and operational issues with delivery, service and internal teams.

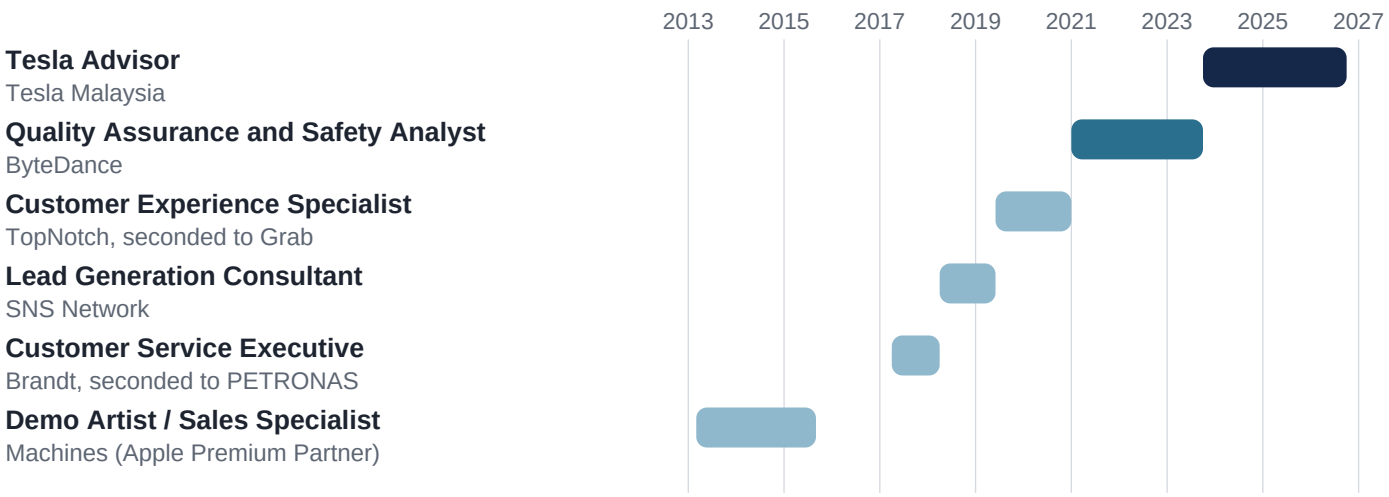

Events and showroom operations
Supporting roadshows, corporate events and high-traffic retail across locations.

Quality and coaching
Auditing work against policy standards, guiding analysts and sharing best practice.

Service at scale
High volumes of calls, emails and escalations handled with accurate follow-up.

Consultative selling
Turning technical product detail into clear recommendations for customers.

CAREER TIMELINE

CASE STUDIES

DOCUMENTED

EV customer journey and delivery coordination

Oct 2023 - Sep 2026

Tesla Advisor, Tesla Malaysia (Cyberjaya, then Pavilion Damansara Heights)

RESPONSIBILITY

Own the customer journey from consultation and test drive to order, CRM follow-up and delivery, across a high-demand showroom and event schedule.

PERFORMANCE

- **Cyberjaya:** supported Tesla Malaysia's early retail operations; handled up to 24 test drives in one day while keeping safety and service standards.
- **Pavilion Damansara Heights:** kept pipeline and CRM records accurate; resolved delivery and service escalations with Sales, Delivery and Service.
- Coordinated roadshows, events and logistics; shared product and process knowledge with colleagues.
- Built EV technical depth (battery, charging, software, Tesla Vision) to simplify purchase decisions.

RESULTS

24-28 orders per month on average.

Highest order count in Malaysia for Q4 2025 (EV tax-exemption campaign; Tesla internal data).

Up to 24 test drives in a single day.

My contribution within a wider retail team; my official title remained Tesla Advisor.

Quality assurance and team monitoring

Jan 2021 - Sep 2023

Safety Analyst, then Quality Assurance Analyst (Validator), ByteDance

RESPONSIBILITY

Keep content decisions accurate and policy-compliant at high volume, then audit and coach other analysts.

PERFORMANCE

- Reviewed user-generated content against safety policies, balancing accuracy, productivity and KPIs.
- Guided fellow analysts on policy interpretation and shared best practice.
- As Validator: audited new analysts' decisions, found error patterns and gave structured feedback.
- Assigned to monitor and assess a team of 9 analysts (an assigned task, not a formal title).
- Used root-cause analysis with Policy and Operations teams to improve consistency.

RESULTS

Trusted to monitor and assess a team of 9 analysts as Validator (assigned task).

Selected as a Validator.

Company-wide award for fast learning and reliable performance.

Customer service at scale

Apr 2017 - Mar 2018, Jun 2019 - Dec 2020

PETRONAS Dagangan (via Brandt International) and Grab, Singapore market (via TopNotch)

RESPONSIBILITY

Resolve high-volume enquiries, complaints and disputes across phone, email, social media and digital channels.

PERFORMANCE

- Resolved enquiries and complaints to company procedures and service standards.
- Investigated disputes, found root causes and coordinated escalations with supervisors and departments.
- Supported driver accounts and platform guidance; reported recurring issues to improve service.

RESULTS

60-100 calls and 40-60 emails daily at PETRONAS Dagangan, with accurate, proactive follow-up.

Consultative retail and lead generation

Mar 2013 - Aug 2015, Apr 2018 - May 2019

Machines Sdn Bhd (Apple Premium Partner) and SNS Network (M) Sdn Bhd

RESPONSIBILITY

Explain technology products clearly and keep a steady, well-qualified sales pipeline.

PERFORMANCE

- Promoted to Demo Artist; delivered Apple ecosystem demonstrations (iMovie, GarageBand, Keynote).
- Qualified IT leads for Apple, JOI and Mellanox by customer needs and budget.
- Kept prospect records and sales reports; handed leads to sales teams.

RESULTS

Consistently met monthly KPIs at Machines.

Met assigned quotas at SNS Network.

HOW I WORK ON A NEW ASSIGNMENT

1 Agree the objective	2 Understand the position	3 Coordinate delivery	4 Review and hand over
Scope, success measures and one named decision owner.	Baseline, stakeholders and dependencies.	Task plan, issue log and short progress updates.	Outcome review, open actions and lessons for the next cycle.

Progress reports cover four points: what is ready, what is blocked, the next action and the decision needed. Exceptions go to the manager, and I do not treat an unconfirmed dependency as complete.

PROPOSED WORK SAMPLE: CUSTOMER OR EVENT COORDINATION, TEN DAYS

PROPOSED

A plan based on the showroom and event work above. It is not a past result.

DAYS 1-3	DAYS 4-7	DAYS 8-9	DAY 10
Prepare	**Deliver**	**Follow up**	**Close out**
Agree scope and responsibilities and build the readiness checklist.	Review readiness, record issues and coordinate activity on the day.	Prioritise next actions and confirm open customer or delivery dependencies.	Review the activity record, hand over open items and record lessons.

Deliverables: readiness checklist, customer action tracker, issue log and closeout note. **Completion:** every open item has an owner, a next action and a handover date.

EDUCATION, LANGUAGES AND TOOLS

Certificate in Mechatronic Engineering | AutoPrima College, Shah Alam 2016

Certificate in Cabin Crew | Aviation Management College, Bangi 2013

Sijil Pelajaran Malaysia (SPM) | SMK Pandan Jaya, Selangor 2011

Languages: Bahasa Melayu (Native), English (Fluent)

Tools: CRM systems, Microsoft Office (Word, Excel, PowerPoint), Google Workspace
